*Vegas Market*

The introduction of MAC Motion Chairs new “Home Theater” space on the 9<sup>th</sup> floor of Building “A” was a great addition to their 10<sup>th</sup> floor presence.

Showing the arrangements that included theater tables which connect the existing popular Oslo Collection Chair with Ottomans, several leather styles were shown. All models added to the domestic stock program were presented and very well received.

Oslo theater tables match the popular bent wood frame arms and include storage along with power supply and beverage holders in each unit. Available in Walnut or Merlot finishes that compliment the two, three or four seat arrangements with chairs to create any size theater group. Retailing at \$ 199 these will be in stock for Fall and UPS able!

Along with the Oslo theater table’s introduction the fully upholstered “Oscar” Home Theater Group made it’s debuted. Shown in Top Grain cow hide leathers, this group has it all. Options included power recline w/ leg extension, beverage holders w/ cooler, storage boxes w/ wine bottle holders, refrigerator and full body massage system. The “Oscar” will also be in the domestic stock program this Fall with retails of \$3995.

Back on the 10<sup>th</sup> floor MAC also introduced high standard chairs additions to include ottomans that double as adjustable lap top trays. The “Norway” chair includes a design patented frame and is available in cow leathers to be in stock next month.

Newly patented glider chairs were also part of the new introduction and will replace the traditional glider program for Fall in microfibers and leather.

The Comfort Chair Promotional division also added leather products to their Florida distribution center with targeted retails of \$ 499.
